

Hi All,

TGIF!

I'm happy to see that we are moving forward here in Florida to a cautious reopening of our economy. While the reasons were understood, I think a lot of us were going stir crazy!

In any event, while that is a positive note, Governor DeSantis' orders still restrict gatherings of more than 10 people. As a result of that, it pains me greatly to have to announce that we will need to cancel the May 15 Happy Hour.

At this point, if things improve, we may try to have an event in July. If not, we're hopeful that things can return to normal in the fall.

Our board meeting next week will also be conducted virtually. I'll report on that after we're done.

Stay safe and have a great week-end.
