

Hello GCEA:

We had our September Board of Directors meeting this past Thursday at my residence. Participating were myself, Susanne Schramm, Guido Minaya, and Neil Wiley. Doug Shaw and Courtney Blanchard are still up north.

The meeting was short and more a get back together meeting. Neil is working on options for getting our GCEA entrance sign repainted as it has been 17 years. We inspected it and while it could be cleaned, a new painting after that long is probably in order.

We also discussed whether we could resume the GCEA social events that we all like so much. Please take this survey so we can get a feel on how the membership feels about this. The link is below:

We are also still in need of someone to replace Susan Minaya on the newsletter. Susan is a brand new Grandma (Congrats) and will be spending a lot of time with her granddaughter and will not have as much time. However, Susan has everything set in MS Publisher and will spend time with a new volunteer helping them through the process. I can tell you from experience that Publisher is probably the most user-friendly product that Microsoft ever produced.

That's all for now. I hope everyone is having a great summer. I'm sure we are all looking forward to a break from the heat and less rain!

All the best,

Kurt Godwin

President
