

Hello GCEA:

Another Friday is here and another week-end. I'm sure we're all glad rainy season is over and temperatures are back to where we love them.

Normally, we would be gearing up to start our awesome Gold Coast Fall Fling & Happy Hour parties. Sadly, as previously discussed, Covid has dashed those plans for now. However, your Board of Directors wants everyone to still feel connected to our community, so in lieu of happy hours for now, we have decided to give every active member one of the way cool GCEA grocery bags that we purchased earlier this year. Melissa and I have been using them since we got them and they are very nice. They are durable and hold a fair amount. We feel good bringing them to Publix in that we're using less plastic to end up in the trash. While reducing plastic pollution is one goal, the other big goal is also to build a sense of community in that when you see one of the green bags somewhere, that's your neighbor! Say Hi and introduce yourself.

Your Board of Directors members will be distributing the bags over the next several weeks. If you are not home or do not want one, please let us know. Special thanks to my awesome wife, Melissa Godwin and our Social Events Chairperson for organizing the bag distribution so efficiently!

If you really like the bag, you can purchase more at any time. Just let me know. Pricing for additional bags is:

1 Bag—\$5

3 Bags—\$12

4 Bags—\$15

In the meantime, please stay safe and make sure to VOTE!
